

Strainer Petrol Fuel Pump For 30 Min Duty Circle In Oil Industry

Our Product Introduction

For more products please visit us on refueling-equipment.com

Basic Information

- Place of Origin: China
- Brand Name: Virette
- Model Number: f0

Product Specification

- Duty Circle: 30 Min
- Sealing Ring Included: Yes
- Warranty: 1 Year
- Type: Electric
- Engine: Diesel Fuel Engine Parts
- Float Included: Yes
- Sending Unit Included: No
- Compatibility: Universal
- Highlight: **Strainer Petrol Fuel Pump ,
Oil Industry Petrol Fuel Pump**

Product Description

Sealing Ring Included Petrol Pumping Unit for 30 Min Duty Circle in Oil Industry

Product Description:

The Fuel Pump comes with a Sealing Ring Included, which ensures a secure fit and prevents any leakage. The Sealing Ring also helps in reducing the noise level produced by the Fuel Pump. The Sealing Ring is made of high-quality material, which ensures durability and longevity.

The Fuel Pump is equipped with an Outlet of NPT2", which ensures a smooth and uninterrupted flow of fuel. The Outlet is designed to handle high pressure and high flow rates, ensuring that the engine gets the required amount of fuel at all times.

The Fuel Pump comes with a Warranty of 1 Year, which gives the customer peace of mind and ensures that the product is reliable and of high quality. The Warranty covers any defects in material or workmanship, ensuring that the customer gets the best value for their money. The Fuel Pump weighs 15Kgs, which makes it easy to install and transport. The lightweight design ensures that the Fuel Pump can be easily moved around, making it ideal for use in different locations.

Features:

Product Name: Fuel Pump

Inlet Type: Strainer

Float Included: Yes

Type: Electric

Engine: Diesel Fuel Engine Parts

Weight: 15Kgs

This Fuel Pump is an electric type pump with a strainer inlet and includes a float. It is ideal for use in fuel dispensing pumps, petroleum transfer stations, and diesel fuel injectors. Additionally, it is designed to be compatible with diesel fuel engine parts. With a weight of 15Kgs, it is a durable and reliable option for your fuel pumping needs.

Technical Parameters:

Inlet Type:	Strainer
Duty Circle:	30 Min
Weight:	15Kgs
Warranty:	1 Year
Float Included:	Yes
Sending Unit Included:	No
Sealing Ring Included:	Yes
Engine:	Diesel Fuel Engine Parts
Outlet:	NPT2"
Type:	Electric

This Fuel Pump is suitable for Filling Station Dispenser, Diesel Fuel Injector, and Liquid Fuel Dispenser.

Applications:

The Virette f0 Fuel Pump is a versatile product that can be used in a variety of situations. One such scenario is in liquid fuel dispensers, where the pump can be used to deliver fuel to vehicles or machinery. The NPT2" outlet ensures a steady flow of fuel, making it an efficient choice for petrol pumping units.

The electric fuel delivery system is another occasion where the Virette f0 Fuel Pump can be used. The pump's compatibility with various systems makes it a reliable choice for this application. Its leak-proof design and smooth operation ensure that the fuel delivery system runs efficiently.

The Virette f0 Fuel Pump can also be used in other scenarios where diesel fuel engines are involved. It can be used in agricultural machinery, construction equipment, and other industrial applications. The pump's versatility makes it an essential tool for any operation that requires a reliable and efficient fuel delivery system.

In summary, the Virette f0 Fuel Pump is a universal pump designed for diesel fuel engines. Its compatibility with various systems makes it a versatile product that can be used in a variety of scenarios. It is leak-proof, operates smoothly, and comes with a sealing ring and float included. The NPT2" outlet ensures a steady flow of fuel, making it an efficient choice for petrol pumping units, liquid fuel dispensers, and electric fuel delivery systems.

Customization:

Customize your Virette f0 fuel pump with our product customization services. Our Liquid Fuel Dispenser is made with high-quality materials and manufactured in China. The fuel pump comes with a sealing ring and float included, making it easy to install. The inlet type is a strainer which ensures that the fuel is filtered before entering the pump.

Choose from our options to add a Sending Unit and extend your warranty to 1 year. Our customization services are perfect for those who need a Gasoline Infusion Machine or Diesel Fuel Injector that can be tailored to their specific needs.

Packing and Shipping:

Product Packaging:

1 x Fuel Pump

Installation Instructions

Shipping:

Ships within 1-2 business days

Free shipping within the United States

International shipping available for an additional fee
