

1000Ltr Service Station Fuel Pumps 80L/Min~100L/Min Petrol Station Fuel Pump

Our Product Introduction

For more products please visit us on refueling-equipment.com

Basic Information

- Place of Origin: China
- Brand Name: Virette

Product Specification

- Register Range: 0.00~999999.99 L
- Vacuum: 0.04Mpa
- Product: One Product Or Two Product
- Tank: 1000L
- Medium: Lubricating Oil
- Structure: Single-stage Pump
- Temperature: -40~55°C
- Delivery Rate: 5 ~ 90L/min; 90~150L/min; 150~250L/min
- Highlight: **1000ltr service station fuel pumps,
service station fuel pumps 80l/min,
100l/min petrol station fuel pump**

Product Description

80~100L/Min Display Single stage Pump Lubricating Oil Diesel fuel dispenser

Product Description:

Our fuel dispenser comes equipped with an automatic nozzle, specifically the TD-20A model, ensuring fast and efficient fueling for your customers. Additionally, the register range of 0.00~999999.99 L allows for accurate tracking of fuel consumption and sales. Our Fuel Dispensing Equipment is designed for use with lubricating oil, making it the ideal choice for fueling stations and businesses that require a reliable and durable solution for dispensing fuel. So why wait? Invest in our Fuel Dispenser today and experience the benefits of a quality fueling solution for your business.

Features:

Product Name: Fuel Dispenser

Application: Petro, Diesel Etc

Working Pressure: 0.2 MPa

Warranty: 12 Months

Register Range: 0.00~999999.99 L

Delivery Rate:

5 ~ 90L/min

90~150L/min

150~250L/min

Keywords: Petrol Dispensing Machine, Fueling Station Dispenser, Gasoline dispenser

Technical Parameters:

Petrol Dispensing Machine	Fuel Dispensing Equipment
Structure	Single-stage Pump
Voltage	220VAC
Working Pressure	0.2 MPa
Automatic Nozzle	TD-20A
Hose	3/4" 4M
Product	One Product Or Two Product
Application	Petro, Diesel Etc
Medium	Lubricating Oil
Warranty	12 Months
Temperature	-40~55°C
Diesel Fuel Dispenser	

Applications:

The Virette Fuel Dispenser is designed to handle different fuel types, including petro, diesel, and other fuel types. This makes it an ideal choice for fueling stations and diesel fuel dispensers that cater to various fueling needs. With its high-quality design and construction, the Virette Fuel Dispenser provides reliable performance and long-lasting durability.

The Virette Fuel Dispenser is easy to install and use, making it an ideal choice for various fueling scenarios. It comes with a 220VAC voltage, which is suitable for most fueling stations and gasoline dispensers. The device is also compatible with a 1000L tank, which makes it an ideal choice for fueling stations and diesel fuel dispensers that require high-capacity fuel storage.

The Virette Fuel Dispenser also comes with a 12-month warranty, which provides users with peace of mind and protection against any manufacturing defects. This makes it an ideal choice for fueling stations and gasoline dispensers that require high-quality and reliable fueling equipment.

In summary, the Virette Fuel Dispenser is a high-quality and reliable product that is suitable for various fueling scenarios. It is perfect for use in fueling stations, gasoline dispensers, and diesel fuel dispensers. With its robust construction, high-quality design, and excellent performance, the Virette Fuel Dispenser is an ideal choice for anyone looking for a reliable and efficient fueling solution.

Customization:

Product Packaging:

Dimensions: 80cm x 50cm x 40cm

Weight: 30kg

Materials: Cardboard box, foam padding

Shipping:

Shipping Method: Ground

Shipping Cost: Calculated at checkout

Packing and Shipping:

Shipping Time: 5-7 business days
Shipping Restrictions: Cannot be shipped to PO boxes
