

10 Feet Gasoline Nozzle Diesel Pump Nozzle With Splash Guard

Our Product Introduction

For more products please visit us on refueling-equipment.com

Basic Information

- Place of Origin: China
- Brand Name: Virette

Product Specification

- Features: Trigger Lock, Splash Guard, Automatic Shut-off
- Model: 11A
- Quality: Guranteed
- Stamp Number: Dlla150s187
- Cylinder: Multi-cylinder
- Component: Fuel Injection Device
- Temperature Rating: 0-150 Degrees Fahrenheit
- Material: Aluminum
- Highlight: **10 Feet Gasoline Nozzle,
10 Feet Diesel Pump Nozzle,
Diesel Pump Nozzle With Splash Guard**

Product Description

10 Feet Fuel Nozzle with Splash Guard

Features:

Product Name: Fuel Nozzle

Size: 5.5 Inches

Pressure Rating: 50 Psi

Features:

Trigger Lock

Splash Guard

Automatic Shut-off

Nozzle Diameter: 1 Inch

Warranty: 1 Year Limited Warranty

This Fuel Nozzle product is perfect for dispensing diesel fuel, gasoline, and other petroleum-based liquids. With a size of 5.5 inches and a pressure rating of 50 psi, it is a reliable and durable choice for your fueling needs. The nozzle diameter of 1 inch ensures efficient flow of liquids. It also features a trigger lock, splash guard, and automatic shut-off for added convenience and safety. The Fuel Nozzle comes with a 1 year limited warranty for your peace of mind.

Whether you're using it as a diesel fuel gun or gas pump spout, the Fuel Nozzle is the ideal choice for precise and efficient petroleum flow.

Technical Parameters:

Component	Fuel Injection Device
Material	Aluminum
Quality	Guaranteed
Stamp Number	Dlla150s187
Size	5.5 Inches
Hose Length	10 Feet
Features	Trigger Lock, Splash Guard, Automatic Shut-off
Warranty	1 Year Limited Warranty
Model	11A
Pressure Rating	50 Psi

Applications:

One of the most common applications of the Virette Fuel Nozzle is in gas pump spouts. The nozzle is designed to fit perfectly onto the gasoline hose nozzle, ensuring that fuel is delivered accurately and efficiently. This makes it an essential tool for gas station attendants who need to fill up multiple vehicles quickly and without any spills.

Another common scenario in which the Virette Fuel Nozzle is used is in the agricultural sector. Farmers often use multi-cylinder engines to power their tractors and other machinery, and the Virette Fuel Nozzle is an essential part of their fueling system. The nozzle's high flow rate ensures that fuel is delivered quickly and efficiently, allowing farmers to get their work done faster.

The Virette Fuel Nozzle is also commonly used in construction sites. Many construction vehicles use multi-cylinder engines that require a high flow rate of fuel. The Virette Fuel Nozzle is perfect for this application, as it can deliver fuel quickly and efficiently, allowing workers to get their job done without any delays.

Overall, the Virette Fuel Nozzle is a high-quality and versatile product that is perfect for use in various scenarios. Whether you are a gas station attendant, a farmer, or a construction worker, this product is an essential tool that you can rely on. Its stamp number, Dlla150s187, ensures that you are getting a high-quality product that is built to last.

Customization:

Packing and Shipping:

Product Packaging:

The Fuel Nozzle product will be packed securely in a cardboard box with appropriate cushioning material to prevent any damage during transportation. The packaging will also include a user manual and safety instructions for the product.

Shipping:

We offer free standard shipping for the Fuel Nozzle product. The product will be shipped within 2 business days of receiving the order. The estimated delivery time will depend on the destination and shipping method selected. Customers can track their shipment using the provided tracking number.
