

90L/Min Dispenser Petrol Pump 1000L Gas Station Fuel Dispenser

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Virette

Product Specification

- Register Range: 0.00~999999.99 L
- Vacuum: 0.04Mpa
- Structure: Single-stage Pump
- Working Pressure: 0.2 MPa
- Automatic Nozzle: TD-20A
- Flow Rate: 5-50L/Min Or 5-90L/Min
- Temperature: -40~55°C
- Medium: Lubricating Oil
- Highlight: 90l/min dispenser petrol pump,
dispenser petrol pump 1000l,
1000l gas station fuel dispenser

Product Description

90L/min Rate Diesel Fuel Dispenser With 1000L Underground Tank Accurate Measurement

Product Description:

The Fuel dispenser comes with an Automatic Nozzle: TD-20A, which helps to prevent fuel spillage. This is a great safety feature for fueling stations. The Automatic Nozzle ensures that fuel is only dispensed when the nozzle is inserted into the tank. This feature also helps to prevent fuel wastage, which is great for fueling stations that want to save on costs.

The Fuel dispenser is available as a One Product or Two Product dispenser. This means that it can dispense one type of fuel or two different types of fuel. The One Product Fuel dispenser is perfect for small fueling stations that only dispense one type of fuel. The Two Product Fuel dispenser is perfect for larger fueling stations that dispense different types of fuel.

The Fuel dispenser has a Voltage of 220VAC, which means that it is compatible with most electrical systems. This makes it easy to install and use. The Fuel dispenser is also designed to be user-friendly. It has a clear and easy-to-read display that shows the amount of fuel dispensed and the cost of the fuel.

The Fuel dispenser comes with a 12-month warranty, which gives customers peace of mind. This warranty covers any defects or issues that may arise during normal use of the Fuel dispenser. The warranty ensures that customers get value for their money and that the Fuel dispenser delivers on its promises.

In conclusion, the Fuel Dispenser is an essential piece of equipment for any fueling station. It is a reliable and durable Fuel Dispensing Equipment that ensures efficient fuel dispensing. The Automatic Nozzle: TD-20A, One Product or Two Product dispenser, 220VAC Voltage, and 12-month warranty are just some of the features that make the Fuel dispenser a great investment for any fueling station. Get your Fuel dispenser today and enjoy efficient and safe fuel dispensing.

Features:

Product Name: Fuel Dispenser

Application: Petro, Diesel Etc

Temperature: -40~55°C

Flow Rate: 5-50L/Min Or 5-90L/Min

Working Pressure: 0.2 MPa

Warranty: 12 Months

Technical Parameters:

Fuel Dispenser	One Product Or Two Product
Flow Rate	5-50L/Min Or 5-90L/Min
Warranty	12 Months
Working Pressure	0.2 MPa
Hose	3/4" 4M
Delivery Rate	5 ~ 90L/min; 90~150L/min; 150~250L/min
Vacuum	0.04Mpa
Structure	Single-stage Pump
Medium	Lubricating Oil
Automatic Nozzle	TD-20A

Applications:

The Virette Fuel Dispenser is a single-stage pump that is easy to operate and maintain. It has a register range of 0.00~999999.99 L, which means that it can accurately measure and record the amount of fuel dispensed. The dispenser is equipped with a 3/4" 4M hose, which is durable and able to withstand the rigors of daily use.

This petrol dispensing machine is ideal for use in a variety of scenarios, including petrol stations, truck stops, and other fuel dispensing locations. It is perfect for businesses that need to dispense large quantities of fuel quickly and efficiently. The dispenser is also a great choice for individuals who need to dispense fuel for personal use, such as farmers and construction workers.

The Virette Fuel Dispenser is powered by a 220VAC voltage, which is a standard voltage in most countries. This means that the dispenser can be used in a wide range of locations without the need for additional power sources.

Overall, the Virette Fuel Dispenser is a high-quality diesel fuel dispenser that is ideal for use in a variety of occasions and scenarios. It is a reliable and efficient way to dispense fuel, and its durable construction ensures that it will provide years of trouble-free service.

Customization:

Our customization services allow you to tailor your petrol dispensing machine to your unique requirements. Whether you need a diesel fuel dispenser or a petrol dispensing machine, we can help you create the perfect solution for your business. Contact us today to learn more about our customization options.

Packing and Shipping:

Product Packaging:

1 Fuel Dispenser

1 User Manual

1 Power Cable

1 Nozzle

Shipping:

Ships within 2-3 business days

Free standard shipping within the United States

International shipping available for an additional fee
