

Petrol Transfer Pump Universal Strainer Fuel Pump NPT2 Outlet Float

Our Product Introduction

For more products please visit us on refueling-equipment.com

Basic Information

- Place of Origin: China
- Brand Name: Virette
- Model Number: f0

Product Specification

- Compatibility: Universal
- Engine: Diesel Fuel Engine Parts
- Inlet Type: Strainer
- Outlet: NPT2"
- Float Included: Yes
- Duty Circle: 30 Min
- Sending Unit Included: No
- Type: Electric
- Highlight: **Petrol Transfer Pump Universal,
Universal Strainer Fuel Pump,
Strainer Fuel Pump NPT2 Outlet**

Product Description

Portable Petrol Transfer Pump 15kg with Strainer NPT2 Outlet Float

Product Description:

Our Fuel Pump comes with a Sealing Ring included, ensuring that the fuel is delivered to the engine smoothly without any leaks. The Sealing Ring is made from high-quality materials, which ensures that it is durable and long-lasting.

The Fuel Pump also comes with a Float included, which helps regulate the flow of fuel to the engine. This ensures that the engine is not flooded with fuel, which can cause damage to the engine. With the float installed, you can be sure that the fuel is being delivered to the engine at a steady pace, which ensures optimal performance.

Our Fuel Pump is perfect for any electric fuel delivery system, petroleum transfer station, or gasoline transfer pump. It is designed to work efficiently in all types of conditions, making it a reliable choice for anyone in need of a high-quality fuel pump.

The Fuel Pump comes with an Outlet that measures NPT2", which ensures that it is compatible with a wide range of engine parts. This makes it easy to install and ensures that it delivers fuel efficiently to the engine.

In conclusion, our Fuel Pump is a reliable and high-quality product that is essential for any engine that runs on diesel fuel. With its universal compatibility, Sealing Ring, Float, and NPT2" Outlet, it is the perfect choice for anyone in need of a durable and efficient fuel pump.

Features:

Product Name: Fuel Pump

Engine: Diesel Fuel Engine Parts

Compatibility: Universal

Inlet Type: Strainer

Duty Circle: 30 Min

Sealing Ring Included: Yes

This Fuel Pump is a powerful Diesel Fuel Injector that is perfect for use as an Automotive Fuel Supply Device. Its universal compatibility makes it easy to install in any vehicle. The Fuel Pump also features an Inlet Type Strainer to remove any impurities from the fuel, ensuring optimal performance. With a Duty Circle of 30 Min, this Petrol Pumping Unit is built to last. Additionally, the Sealing Ring is included for easy installation and added convenience.

Technical Parameters:

Float Included	Yes
Type	Electric
Sending Unit Included	No
Weight	15Kgs
Duty Circle	30 Min
Sealing Ring Included	Yes
Outlet	NPT2"
Warranty	1 Year
Inlet Type	Strainer
Compatibility	Universal

Applications:

One of the most common applications for the Virette f0 fuel pump is in petroleum transfer stations. These stations require a reliable and efficient fuel pump to transfer fuel from storage tanks to tanker trucks. The Virette f0 is a great choice for this application due to its electric operation and NPT2" outlet.

Another common use for the Virette f0 is in liquid fuel dispensers. These devices are often found at gas stations and other fueling locations, and require a high-quality fuel pump to ensure accurate and efficient dispensing of fuel. The Virette f0 excels in this application due to its strainer inlet type and compatibility with a wide range of fuels.

Finally, the Virette f0 can also be used as an automotive fuel supply device. This is particularly useful for those who work in the automotive industry, as it allows for quick and easy fueling of vehicles during maintenance and repair work. With its sealing ring included, the Virette f0 is a reliable and convenient choice for this application.

Customization:

Customize your Virette f0 Petrol Pumping Unit:

Brand Name: Virette

Model Number: f0

Place of Origin: China

Inlet Type: Strainer

Sending Unit Included: No

Outlet: NPT2"

Duty Circle: 30 Min

Type: Electric

Our product customization services allow you to tailor your Petrol Pumping Unit to your specific needs. Whether you require a Gasoline Infusion Machine or Petroleum Transfer Station, our team can work with you to create a product that fits your requirements.
