

## 220VAC Fuel Dispenser 90L/Min Diesel Dispenser Pump Gas Dispensing System

Our Product Introduction

For more products please visit us on [refueling-equipment.com](http://refueling-equipment.com)

### Basic Information

- Place of Origin: China
- Brand Name: Virette

### Product Specification

- Product: One Product Or Two Product
- Tank: 1000L
- Register Range: 0.00~999999.99 L
- Hose: 3/4" 4M
- Vacuum: 0.04Mpa
- Temperature: -40~55°C
- Flow Rate: 5-50L/Min Or 5-90L/Min
- Voltage: 220VAC
- Highlight: 220vac fuel dispenser, fuel dispenser 90l/min, 90l/min diesel dispenser pump

## Product Description

### Fuel Dispenser With Temperature -40-55C And Rate 90-150L/Min

#### Product Description:

The Fuel Dispenser is available in two flow rates: 5-50L/min or 5-90L/min. This allows you to choose the flow rate that best suits your needs and ensures that you can dispense fuel quickly and efficiently. Whether you need to fill up a small sedan or a large truck, the Fuel Dispenser has you covered.

The Fuel Dispenser is available in two models: one product or two product. The one product model is perfect for facilities that only need to dispense one type of fuel, while the two product model is ideal for facilities that need to dispense multiple types of fuel. This flexibility means that you can choose the model that best suits your needs.

The Fuel Dispenser is designed to handle various types of fuel, including petrol, diesel, and lubricating oil. This makes it a versatile solution for any fueling facility. Whether you need to dispense gasoline for cars or lubricating oil for trucks, the Fuel Dispenser can handle it.

The Fuel Dispenser comes with a 12-month warranty. This ensures that you can use the product with confidence, knowing that it is backed by a warranty in case of any defects or malfunctions. This warranty also reflects the high quality of the product and the manufacturer's commitment to customer satisfaction.

In summary, the Fuel Dispenser is an essential component of any Gasoline Dispensing System. It is available in two flow rates and two models, making it a flexible solution for any fueling facility. It can handle various types of fuel, including petrol, diesel, and lubricating oil. And it comes with a 12-month warranty, reflecting the high quality of the product and the manufacturer's commitment to customer satisfaction.

#### Features:

Product Name: Fuel Dispenser

Application: Petro, Diesel Etc

Product: One Product Or Two Product

Register Range: 0.00~999999.99 L

Temperature: -40~55°C

Hose: 3/4" 4M

Gasoline Dispensing System, Gasoline Dispensing System, Gasoline Dispensing System

#### Technical Parameters:

Technical Parameters	Details
Structure	Single-stage Pump
Medium	Lubricating Oil
Delivery Rate	5 ~ 90L/min; 90~150L/min; 150~250L/min
Tank	1000L
Product	One Product Or Two Product
Application	Petro, Diesel Etc
Temperature	-40~55°C
Voltage	220VAC
Flow Rate	5-50L/Min Or 5-90L/Min
Hose	3/4" 4M

Gasoline Dispensing System, Petrol Dispensing Machine, Fuel Dispensing Equipment

#### Applications:

The Virette Fuel Dispenser is designed for use in a wide range of applications. It is perfect for use at gas stations, where it can be used to dispense gasoline to customers. It is also ideal for use in industrial settings, where it can be used to dispense fuel for vehicles and machinery.

The Virette Fuel Dispenser is suitable for use with a wide range of fuels, including gasoline, diesel, and kerosene. It has a flow rate of 5-50L/Min Or 5-90L/Min, which makes it suitable for use in a variety of different scenarios.

The Virette Fuel Dispenser is easy to use and can be operated by anyone with minimal training. It is also easy to maintain, with regular cleaning and servicing ensuring that it remains in excellent condition for years to come.

Overall, the Virette Fuel Dispenser is a reliable and efficient petrol dispensing machine that is perfect for use in a wide range of scenarios. Whether you are looking to dispense fuel at a gas station, or need a reliable fuel dispenser for your industrial business, the Virette Fuel Dispenser is the perfect choice.

#### Customization:

Our fuel dispensers are manufactured in China, ensuring a high-quality product at a competitive price. They are designed to operate with a voltage of 220VAC, making them suitable for use in a variety of locations.

When you choose Virette, you can expect a 12-month warranty on all of our fuel dispensers. This gives you peace of mind knowing that your investment is protected.

Our fuel dispensers have a register range of 0.00~999999.99 L, ensuring accurate tracking of your fuel usage. This makes them ideal for use in a variety of industries, including transportation, construction, and agriculture.

Whether you need a diesel fuel dispenser, gasoline dispenser, or lubricating oil dispenser, we have the product customization services to meet your needs. Contact us today to learn more about our fuel dispensers and how we can help you achieve your fueling goals.

### **Packing and Shipping:**

Product Packaging:

Heavy-duty cardboard box

Bubble wrap for protection

User manual and installation guide included

Product Shipping:

Ships within 2 business days

Standard shipping via UPS or FedEx

Estimated delivery time: 5-7 business days
