

Compressed Gas Dispenser CNG Gas Dispenser Machine With Single / Dual Nozzle

Our Product Introduction

For more products please visit us on refueling-equipment.com

Basic Information

- Place of Origin: China
- Brand Name: Virette
- Delivery Time: 20 - 30 days

Product Specification

- Temperature Range: -25°C To +55°C
- Communication Interface: RS485/RS232
- Working Pressure: 20MPa
- Unit Price Range: 0.01-99.99
- Humidity Range: ≤95%
- Nozzle: Single Or Dual
- Hose Length: 4m
- Power Supply: AC 220V/50Hz
- Highlight: **Compressed Gas Dispenser CNG,
Dual Nozzle Dispenser CNG,
CNG Gas Dispenser Machine**

Product Description

Compressed Gas Fuel Dispenser with Single/Dual Nozzle and Adjustable Unit Price Range

Product Description:

The CD-100 model of CNG Gas Dispenser is built with a high level of precision and accuracy. It has an accuracy of $\pm 0.5\%$ that ensures that the dispenser delivers the correct amount of CNG every time. This feature makes it an ideal choice for gas station owners who are looking for a dependable and efficient dispenser.

The CD-100 model of CNG Gas Dispenser comes with a single or dual nozzle option, providing flexibility for gas station owners to choose the best option for their station. The nozzle is designed to ensure quick and easy filling of CNG in the vehicles. The nozzle is made of high-quality materials that make it durable and long-lasting.

The CD-100 model of CNG Gas Dispenser is equipped with a communication interface that allows the dispenser to communicate with other systems. It comes with either an RS485 or RS232 interface, making it compatible with most systems. This feature makes it easy for gas station owners to integrate the dispenser into their existing system.

The CD-100 model of CNG Gas Dispenser is a reliable and efficient CNG Fueling Equipment that is designed to deliver high performance and accuracy. It is perfect for gas station owners who are looking for a dependable and efficient CNG dispenser. The total price range of the CD-100 model of CNG Gas Dispenser is between 0.01-999999.99, making it a cost-effective solution for gas station owners who want to invest in a high-quality dispenser.

Features:

Product Name: CNG Gas Dispenser

Total Price Range: \$0.01 - \$999999.99

Unit Price Range: \$0.01 - \$99.99

Humidity Range: $\leq 95\%$

Communication Interface: RS485/RS232

Temperature Range: -25°C To $+55^{\circ}\text{C}$

Keywords: CNG Filling Station Dispenser, CNG Distribution Pump, CNG Fueling Equipment

Technical Parameters:

Model	CD-100
Flow Rate	15-25L/min
Humidity Range	$\leq 95\%$
Nozzle	Single Or Dual
Working Pressure	20MPa
Display	LCD
Power Supply	AC 220V/50Hz
Accuracy	$\pm 0.5\%$
Unit Price Range	0.01-99.99
Temperature Range	-25°C To $+55^{\circ}\text{C}$

Applications:

With a temperature range of -25°C to $+55^{\circ}\text{C}$, the Virette CNG Gas Dispenser is suitable for use in a wide range of climates and environments. It is available in both single and dual nozzle configurations, making it a flexible solution for different fueling scenarios.

The CD-100 model of the Virette CNG Gas Dispenser features an LCD display, which provides clear and easy-to-read information about the fueling process. This makes it simple for operators to monitor and manage the dispenser, ensuring that fueling is fast, efficient, and safe.

The unit price range of the Virette CNG Gas Dispenser is 0.01-99.99, making it an affordable option for businesses of all sizes. Whether you are running a small fleet or a large CNG Filling Station Dispenser, the Virette CNG Gas Dispenser offers a cost-effective solution for your fueling needs.

The Virette CNG Gas Dispenser is suitable for a range of different applications and scenarios. It can be used in public CNG Filling Station Dispenser, private fleet fueling, and other Natural Gas Dispensing System applications. With its high-quality construction, reliable performance, and user-friendly features, the Virette CNG Gas Dispenser is a great choice for anyone looking for a top-quality CNG fueling solution.

Customization:

Virette offers product customization services for the CD-100 CNG Gas Dispenser, a reliable CNG Fill-Up Machine from China. Our team can customize the delivery time to meet your specific needs, with an estimated lead time of 20 - 30 days. The working pressure of the dispenser is 20MPa, with a flow rate of 15-25L/min and an accuracy of $\pm 0.5\%$. The LCD display provides clear and easy-to-read information during usage. Contact us to learn more about our CNG Fueling Equipment and how we can customize the CD-100 model to fit your needs.

Packing and Shipping:

Product Packaging:

1 CNG Gas Dispenser

1 User Manual

Shipping:

Shipping Method: Standard Shipping

Shipping Carrier: UPS

Estimated Delivery Time: 5-7 Business Days

Shipping Cost: \$20
